Good afternoon Scott,

Hope all is going well. Glad to see you are working at such a significant level at POST. I am doing well in my position as Chief at the college. I am also involved with CAPTO, and have the privilege to nominate Randy Waltz for the POST Advisory Committee. He has served well and we support him strongly for another term.

Thanks much,

Kevin Mizner

Commissioner Dudley,

I have served as a Public Member on the Advisory Committee since October 2010. It has been a pleasure working with all the dedicated individuals from the Commission, POST staff and the Advisory Committee. Recommendations made to the Commission by the Advisory Committee require the attention of every seated member and a commitment to researching important items brought forth by the law enforcement community we serve. I have strived to fulfill that responsibility the past nine years and would be honored to serve another term.

Please consider my request for reappointment to the Advisory Committee as a Public Member.

Respectfully,

Elmo Banning

Dear Commission,

I am writing this letter to express my interest in being nominated for the Public Member Position or for the Advisory Board Position. At the early age of 10 years old my dream was to become a police officer. I attended the San Joaquin Delta College where I received my AA Degree in Criminal Justice with one goal in mind, which it was to one day be part of the Criminal Justice system. I volunteered at the Department of Corrections in their Parole Division in Stockton, CA while I was attending school. Upon graduation, I furthered my education by attending the Peace officer Academy at the San Joaquin Delta College, and in 2007 I graduated the academy and received my POST Certificate. I also received my Bachelor's degree in Criminal Justice from California State University Stanislaus in 2013.

I am currently holding two jobs, the first job is in the Military Army National Guard and I have been enlisted since 2012. My second job is with Safeway Distribution as a semi truck driver. I am mainly interested in becoming a member of this commission because I feel I can bring a number of ideas that can help create awareness and can also assist the system finding solutions to some issues I have seen and encountered during the hiring process. I sincerely believe I can make a difference with the ideas I have were I can help improve the hiring process for all current and future applicants.

I believe in working together as a team to make things better for the public. I also believe some standards need to be set across the board for all law enforcement agencies in their hiring process. These standards could be a guideline to give a fair opportunity to many applicants who are seeking a path to join and succeed in the Criminal Justice System. I hope you select me and invite me to be a member of this Board. I consider myself a very dedicated individual; I can assure you I will go above and beyond to help this Commission make improvements now and in the future. I look forward to receiving your response.

Respectfully,
