The Honorable Joyce Dudley, Chair
Commission on Peace Officer Standards and Training
860 Stillwater Road, Suite 100
West Sacramento, CA. 95605

Dear Honorable Chair Dudley,

On behalf of the Association of Riverside County Chiefs of Police and Sheriff (ARCCOPS), we want to express our concern and objection regarding POST Commission Regulation 1005(a). It is our collective belief that the aforementioned regulation is not in the best interest of law enforcement personnel in the State of California, and we concur with the ideas and perspectives shared by District Attorney bureau chiefs in the letter recently submitted by the collective California DA Chief Investigators dated July 16, 2021, signed by each respective county's District Attorney Bureau Chief as represented in the letter.

Very truly yours,

Joseph R. Delgiudice, Chief of Investigators
