

POST staff was asked to provide a breakdown of ethnicity, age, and education from existing Assembly Bill (AB) 332 data by the Commission during the June 2021 meeting. Staff analyzed data collected from 2,774 academy students from the 23 intensive RBC academies (July 2019-July 2020). This count is a representation of all completed data provided by the academies within these three categories. The difference in academy student count from AB332 (2,590 students) is based on complete data received to analyze. As a reminder, missing data are incomplete sections within the data that were collected by the academies. Generally, missing data is mostly due to clerical error during data entry or intent/unintended omissions of the data.

A total 1,023 academy students who attended one of the 23 intensive RBC academies between July 2019 to July 2020 were 18-24 years old. 51 students were 18-20 and 972 students were 21-24. Of the 1,023 students between the ages of 18-24 years old, 387 (38%) students have a BA/BS or higher.
